Examples of Poetry for Triplet -
Triplet A Triplet is a three-line
poem. The last word of the first
lines rhymes with the last word in
the other two lines. Also, if the
three lines are written so they can
be read in any order, the poem
can be put in a triangle. When a
triplet is placed in the form of a
triangle it is called a Triangular
Triplet. Example: School School
is the place we learn and grow.
